GUDURU MOUNIKA

Vijayawada,India | +91 8309369745 | gudurumounika14@gmail.com

Objective

To secure a software developer role in a dynamic and innovative organization where I can contribute to impactful projects, grow through continuous learning, and help build scalable, user-focused software solutions.

Experience

Infosys Springboard | AIML Intern [Certificate Link]   **November 2024 – January 2025**

- Developed a Loan Eligibility Checker using advanced Machine Learning techniques and LLMs
- Assessed creditworthiness using Python and ML models
- Gained hands-on experience in Data Science, Machine Learning, and NLP
- Contributed to real-time application of AI/ML in financial risk analysis.

Projects

1. Loan Eligibility Checker App (ML + Streamlit)
Built a machine learning-based web app using Python, Scikit-learn, Pandas, and Streamlit to predict loan eligibility from user inputs. The app features a simple, interactive interface with real-time predictions and basic form validation.

2. Personal Portfolio Website (MERN Stack)
Developed a responsive portfolio website using MongoDB, Express.js, React, and Node.js to highlight my skills, projects, and personal profile. It includes smooth navigation, a contact form with backend support, and a clean modern UI.

Education

PRASAD V POTLURI SIDDHARTHA INSTITUTE OF TECHNOLOGY, Vijayawada, AP
